easy DaaS!
DaaS = Device as a Service

You want save Investment costs?
Then rent our products!

The all-round carefree package
at a fixed price

Not included are one-off costs for installation or follow-up costs resulting from external influences such as damage caused by violence.

Your benefits

✓ No capital commitment

✓ No high one-off investment costs

✓ Liquidity is maintained

✓ Calculated rates offer transparency

✓ Always up-to-date hardware/software

✓ Term freely selectable from 12 months

✓ For any fleet size

Mobile Easykey can also be rented. You pay a fixed agreed price for a fixed contract period. Which hardware or software version you use no longer matters. You simply choose a suitable package for you. We'll take care of the rest. Only the installation of the hardware will be charged separately.

Costs
For example: with a fleet of 50 vehicles, the price for easy DaaS! One starts at 15 EUR per vehicle per month. With our calculator we can immediately determine a binding price for you.

The all-round carefree package at a fixed price
The monthly amount includes hardware, software, all maintenance and updates as well as the extensive services of the software maintenance contract, e.g.:
– Monthly function control of the software
– 2 x yearly support in case of server change
– Telephone support:
  On-call Monday – Friday, 7 a.m. – 5 p.m.
– Response time: max. 4 hours
– 10 % discount for trainings
